Madras.

Sir,

Eledtric installation - Bellary - Purchase by the Municipal Council - Government Memorandum No. 1914 L & M., dated 27-4-26 - Appointment of an Accountant to estimate the value of installation.

- - - -

Under Section 5(b) of the Indian Electricity Act No.9 of 1910, my Council has, within three months, from the date of the expiry of the license granted to the Bellary Electric Supply Company, (i.e.,) before 21st July 26, to call upon the licensee to sell the installation. Before such a step -- could be taken, it is necessary that proper estimate of the properties should be made so that the Council may be in a position to know what amount has to be offered to the -- licensee as sale price. For this purpose an accountant well experienced in making valuations should be appointed

with specific instructions to have the valuation completed at least within 4 weeks.

The appointment of an accountant alone may not solve the matter completely as it is essential to determine the present condition of the machinery available and this can only be done by a professional expert who has experience in Electric installations. The Government Electrical Inspector has inspected this installation several times and I am sure he is in a ~~possession~~ position now to know the real condition of the machinery. If the Government is pleased to depute the Government Electrical Inspector to examine the machinery and to send up a report about its condition as well as its valuation, this, I trust, will greatly supplement the work of the general accountant who will deal with the matters in general.

I have therefore the honour to request that the Government will be pleased to send over a certified - - accountant as urgently as possible with the necessary instructions and also to depute the Government Electrical - - Inspector to go over here and examine the plant and report about the same with regard to its present condition and value thereof.

I have the honour to be
Sir
Your most obedient servant
Narayana Rao
Chairman, M.C.

Fort St. George, M a d r a s

SIR,

With reference to your Endorsement No. 105/0/25-1 dated 2~~0~~5-26 and telegram of 31st May regarding the urgent valuation of the Bellary Electric Supply Company's undertaking I would report that I have arranged for a subordinate to proceed immediately 2nd June to Bellary to prepare a measured and detailed inventory of the undertaking. When that work is well in hand - probably in ten days' time - I will go up to Bellary to check measure the important items and to value the items in consultation with the capital account books of the company.

I have postponed my proposed tour to Trichinopoly and the Chettinad.

valuation of the whole plant &c by employing special staff, if necessary the cost of the special staff &c if employed will have to be borne by the Council. In addition, a fee will also apparently have to be received from the Council for the services of the Electrical Inspr. The amount of the fee will have to be settled in consultation with the E.I. If the Municipal Council is prepared to pay the fee & the cost of special staff, if any, the E.I.G. may be asked to undertake the work. If C.S.G. agree to the above, the necessary instructions to the E.I.G. may be issued.

In analogy of the rules in G.O. 5074 W dtd 21.4.25

Dlll
17.5.26

PW
12.5.26

The fee will be credited to general revenue
WDO no 5158 M/42
18.6.26

The orders in G.O. 507 W of the 21st April 1925 contemplate advice & assistance in connection with new works, we are not quite appropriate to the present case, which relates merely to valuation. It would be reasonable to ask the M.C. to pay the t.a. of any staff required for the valuation (say, the EIG and one subordinate for about three days) plus perhaps a fee of 1% on the value of the plant.

17/5

LSC no.

The cost of the plant is roughly valued at Rs 150,000. 1% on that comes to Rs 1500. which I think is rather a high figure. If PWD agree the Cncl will be asked if he will pay the cost of T.A. as proposed & a fee of say Rs 1500/- or any less amount which PWD suggest.
